### Project WET activities which can help meet the Water Drop Patch requirements.

Source: Iowa Project WET – Aug. 2002

1. Sum of the Parts
2. Salt Marsh Players or Wetland Soils in Living Color
3. Poetic Precipitation
4. --
5. Rainy Day Hike or Stream Sense
6. Water Works
7. --
8. Sparkling Water
9. Use Water Actions to help you complete this requirement.
10. Use Water Actions to help you complete this requirement.
11. Stream Sense and Macroinvertebrate Mayhem
12. Grave Mistake, The Pucker Effect, Get the Groundwater Picture
13. Branching Out!
14. Do A-Maze-ing Water or Sum of the Parts with younger Scouts
15. Use Water Actions to help you complete this requirement.
16. Use Water Actions to help you complete this requirement.
17. Use Water Actions to help you complete this requirement.
18. Water Celebration
19. Wet Work Shuffle
20. Use Water Actions to help you complete this requirement.

# Water Drop Patch Project

This project was jointly developed by the United States Environmental Protection Agency (EPA) and the Girl Scout Council of the Nation's Capital (GSCNC). The purpose of the project is to encourage girls to:

- Make a difference in their communities by becoming watershed and wetlands stewards
- Use their skills and their knowledge to educate others in their communities about the need to protect the nation's valuable water resources
- Explore the natural world to gain an interest in science and math
